## Short History of MK Irish FC

On June 1st 2020 the club was formed when Milton Keynes Robins, Unite MK and Milton Keynes Irish Veterans joined together to operate as one club going into the 2020/21 season, Milton Keynes Irish FC! The first team playing at Step 6 in the Spartan South Midlands Division One, the newly formed reserve team playing in the UCL Reserve Division and the Veterans playing in the Veterans League Division One. There are also an adult team in the Milton Keynes Sunday League.

Our first season as a club was unfortunately brought to an early finish due to the effects of COVID-19. The 2020/21 season was looking to be very promising as we found the first team sitting second in the table after 9 games played with the best PPG in the league and went on an exciting run in the FA Vase which saw us get knocked out in the 3rd round on penalties after advancing through 4 rounds beating three higher league opposition.

The season was officially curtailed, however due to performances under Milton Keynes Robins, the club earned promotion to the Spartan South Midlands Premier Division (Step 5) based on PPG over the previous 2 seasons.

2021 also saw the addition of an U18 Floodlit team (run by MK College under the Adopt a Team Scheme) and another 5 youth teams who came over to join under the MK Irish banner from Scot FC, increasing the number of teams to 11, another 2 youth teams were added in 2022.

SOME of us are old enough to remember when some Premier League clubs were panicking about their finances when Covid hit and the season was brought to a halt. When the transfer window slammed shut - it never gently closes, it slams - last week, the total spend clicked in around £1.9billion. Talk about bouncing back. It was a record window and more than the fees spent in La Liga, Bundesliga and Serie A combined.

Nine clubs spent more than £100m, including Nottingham Forest who were promoted through the Championship play-offs. Eye-watering doesn't quite do it justice. Of course, it's something we've come to expect and, these days, will barely raise a flicker among many football fans. Lucrative TV deals here and abroad makes the Premier League the richest in the world. Nice work if you can get it.

When covid broke out there was lots of soundbites that included the 'football family'. And a significant amount of money came into National League System in various forms, thanks largely to the Premier League, the FA and the government. The Premier League will argue they do and have done a lot for the wider game through the years - and they have. Yet the top of the game in this country has never felt further away. Of course some will argue the money spent is floating around the system. Manchester City, Leicester City and Brighton & Hove Albion all recouped more than their forked out, and Leeds United's net spend was less than £2m. Now, this will never happen - it just won't - but imagine a time where a mandatory 'football tax' was put on transfers in this country. One per cent of £1.9bn would have put £19m in a pot. Even 0.5 per cent would be a tidy amount.

How far that additional money could go! Not on a new striker but invested into clubs, to help their infrastructure, launch bigger and bolder community projects and many other fantastic initiatives that would help the health of the game in this country. The cost of living crisis is top of the news agenda almost every day. We can't pretend it's not going to hit Non-League clubs hard. Many will have to examine how they manage any dent in the pocket. Northern Premier League chairman Mark Harris recently penned a column for The NLP that focused on the big squeeze, pointing out clubs will be thinking about how to keep fans engaged and ensure they keep the turnstiles ticking when we will all be weighing up where to spend our precious leisure pounds. Again, there are pots for clubs to access to improve different aspects of a Non-League football club. Yet, just imagine how strong the game could be if the extreme football wealth in this country came right the way down. Imagine what good could be done.

## COGENHOE UNITED FC – A BRIEF HISTORY

After playing friendly matches, the club joined the Central Village League, and were Division Two champions in 1951–52. However, they folded in the late 1950s or early 1960s, before being re-established in 1967, when they joined Division Two of the Central Northamptonshire Combination. They were promoted to Division One in the early 1970s, and a fourth-place finish in Division One in 1977–78 saw them promoted to the Premier Division. A period of success in the early 1980s saw them win the Premier Division title in 1980–81 and finish as runners-up the following season. They went on to win back-to-back titles in 1982–83 and 1983–84.

After finishing third in the Premier Division in 1984–85, Cogenhoe joined Division One of the United Counties League. After finishing second-from-bottom in their first season in the league and being forced to apply for re-election, the 1986–87 season saw them finish second in Division One, earning promotion to the Premier Division. They won the Premier Division Knock-Out Cup in 1995–96 and 1999–2000, and finished as Premier Division runners-up in 1999–2000 and 2000–01. In 2004–05 the club won the Premier Division.
